IoT

Lora

SmartCity

The hackathon is organized by DTU Fotonik – a part of the DTU IoT Center

JOIN the **24-HOUR**

HACKATHON

at DTU starting September 20th

THE CHALLENGE is combatting bike theft at DTU using IoT and LoraWAN

TEAMS OF 1-5 PERSONS can join the hackathon

JOIN NOW as we can only accommodate the first 30 teams

BRING YOUR LAPTOP – work area will be provided

HARDWARE such as LoraWAN boards, sensors, etc will be available

ATTRACTIVE PRIZES for the best solutions

SIGN UP

Please send a mail to Maria Tørnsø: mtoe@fotonik.dtu.dk

Notice: In connection to the Hackathon, a "Hands-on LoraWAN workshop" will take place during the DTU High Tech Summit (hightechsummit.dk). It is possible to sign up independently to either the workshop or the Hackathon or both. Please specify in signup email.
